

Merck has a unique [career opportunity](#) available for your students that offers great possibility for insights into the pharmaceutical industry.

They are inviting RU's students to apply to join the next edition of the Innovation Cup that will be held in July 2023 at Merck KGaA HQ in Darmstadt, Germany.

Merck covers all the costs of transportation, lodging and accommodation to Germany (and back).

In addition to the fully funded trip to Merck HQ in Germany, your students can enjoy many other benefits such as potential job offers from Merck, shared prizes of €20,000 for the winning team and €5,000 for the runner-up, networking opportunities with other great young minds from all over the world, options to implement their business ideas with Merck support, and more.

I would appreciate it if you could inform your students about [this great opportunity](#) from Merck. Feel free to forward this email to them.

Master, PhD and Postdoctoral students studying any of life sciences (e.g. biology, chemistry, medicine, pharmacology, bioinformatics, genetics...) as well as computer science students are welcome to apply and join us at Merck HQ next July in Germany. Also, advanced MBA students or recent MBA graduates with an interest in the pharmaceutical business are welcome to apply as well.

Here is the program trailer:
