

Master Internship on Molecular Physiology of Fruit Quality (New Zealand)

The Tree Crops group of the New Zealand Institute for Bioeconomy Science (<https://www.plantandfood.com/en-nz/tree-crops>) has internship positions available to look at tree crop fruit quality using genomic and metabolomic techniques. Please contact Charles Dwamea (charles.dwamena@plantandfood.co.nz) or Ivo Rieu (ivo.rieu@ru.nl).

For this internship an Individual Travel Grant can be requested via Osiris Stay Abroad. More information via Conny Mooren, conny.mooren@ru.nl
